

RoHS REACH CE UKCA Regulation Compliance Statement

Statement Issue Date: 1st September 2023

RoHS Recast Directive 2011/65/EU

Products covered: All products supplied by Connexion Developments Ltd are RoHS and WEEE compliant unless the product is specifically stated otherwise. This is a general statement – please contact Connexion Developments Ltd if you require a product specific (by part number) declaration.

RoHS stands for Restriction Of Hazardous Substances, originally EU2002 RoHS Directive 2002/95/ restricts the use of six hazardous materials found in electrical and electronic products. Directive 2011/65/EU published in 2011 as RoHS-Recast or RoHS 2 includes a CE-marking directive, with RoHS compliance now being required for CE marking of products. RoHS 2 also added Categories 8 and 9. Directive 2015/863 is known as RoHS 3. RoHS 3 adds four additional restricted substances (phthalates) to the list of six.

Cadmium (Cd): < 0.01%, **Lead (Pb):** < 0.1%, **Mercury (Hg):** < 0.1%, **Hexavalent Chromium (Cr VI):** < 0.1%, **Polybrominated Biphenyls (PBB):** < 0.1%, **Polybrominated Diphenyl Ethers (PBDE):** < 0.1%, **Bis(2-Ethylhexyl) phthalate (DEHP):** < 0.1%, **Benzyl butyl phthalate (BBP):** < 0.1%, **Dibutyl phthalate (DBP):** < 0.1%, **Diisobutyl phthalate (DIBP):** < 0.1%. <https://www.gov.uk/guidance/rohs-compliance-and-guidance>

WEEE Regulation Directive 2012/19/EC

Waste Electrical and Electronic Equipment Directive (WEEE) 2012/19/EU is EU legislation regarding the recycling of waste for electrical and electronic equipment according to the and the directive implementing restrictions on the use of certain hazardous substances (RoHS 2 Directive) 2011/65/EU superseding directive 2002/95/EC of 27 January 2003 requires CE marking directive and RoHS 3 adds an additional four substances as of July 22, 2019.

Connexion Developments Ltd is aware that under the WEEE directive as a supplier of any product that falls within the definition in the WEEE directive has several responsibilities with respect to product design, collection, treatment, and recovery.

REACH Regulation (EC) 1907/2006

Products Covered: All products supplied by Connexion Developments Ltd are REACH compliant unless the product is specifically stated otherwise. This is a general statement – please contact Connexion Developments Ltd if you require a product specific (by part number) declaration.

REACH (Registration, Evaluation, Authorisation and Restriction of CHemicals, REACH regulation EC 1907/2006). The member states committee (MSC) of the European Chemicals Agency (ECHA) has decided to include lead in the Substances of Very High Concern (SVHC) candidate list. As of 25th June 2020 there are 235 substances are now included on the SVHC Candidate List.

Connexion Developments Ltd certifies that to the best of its knowledge all products supplied do not contain substances listed on the Candidate List of substances of Very High Concern, as updated on 25th June 2020, in a concentration above 0.1% weight by weight. The latest SVHC list is available at this link: <https://www.hse.gov.uk/reach/candidate-list.htm>

CE Compliance.

CE compliance EU safety, health, and environmental requirements.

Products Covered: All products supplied by Connexion Developments Ltd are CE compliant unless the product is specifically stated otherwise. This is a general statement – please contact Connexion Developments Ltd if you require a product specific (by part number) declaration.

CE marking is mandatory for any product traded within the single market European Economic Area (EEA) showing that the manufacturer or importer (if outside of EU) has checked the products meet EU safety, health and environmental requirements and is an indication of the products compliance with EU legislation for the free movement of products within the EEA. Latest CE marking guidance: <https://www.gov.uk/guidance/ce-marking>

UKCA Compliance

UKCA compliance UK safety, health, and environmental requirements

Products Covered: All products supplied by Connexion Developments Ltd are UKCA compliant unless the product is specifically stated otherwise. This is a general statement – please contact Connexion Developments Ltd if you require a product specific (by part number) declaration.

UKCA (UK Conformity Assessed) marking is a new UK product marking used for goods being placed into the market in Great Britain (England, Wales and Scotland) that covers most goods previously requiring CE marking. UKCA came into effect 1st January 2021 and can be used until 30th June 2025. On the 1st August 2023, the UK Government announced that recognition of the CE mark as an alternative to the UKCA mark will continue indefinitely for most goods being placed on the market in Great Britain. This statement effectively revokes the previous mandatory requirement for the UKCA mark to be placed on applicable goods after December 2024. <https://www.gov.uk/guidance/using-the-ukca-marking>

Validation Method.

Connexion Developments Ltd gathers declaration statements, letters and certificates from all manufacturers and suppliers to validate that all products supplied conform to various regulatory requirements for REACH, WEEE, RoHS, UKCA and CE.
